On building the spiritual superiority

HU Fengshun

(Politics and Public Management Institute of Wuhan University, Wuhan 430072, China)

Abstract: The spiritual superiority is a very important factor for sound and sustainable development of human beings and society. In modern society, the spiritual superiority is not only a significant symbol of a country's strength and prosperity, but also an important guarantee to keep society's change smoothly and keep society's priority status. In the background that all countries attach importance to the power and the role of spirit and culture, it is realistic significance to build the spiritual superiority. At the same time, Chinese social transformation and the realistic mental state require us to build the spiritual superiority. Furthermore, building the spiritual superiority is also necessary to ideological and political education. We should strive to explore and establish socialist spiritual and cultural superiority, and it is strong guarantee for the great rejuvenation of our national and its prosperity.
