I am Professor in the [Sage School of Philosophy](#) at [Cornell University](#). I have been at Cornell since 2007. I was Visiting Associate Professor at [NYU](#) during Fall 2010, and was Assistant Professor at [Princeton University](#) until 2007. Before *that*, I did my Ph.D. at the [University of Michigan](#). And in there somewhere I also spent some time playing with [these sorts of things](#) as a Postdoctoral Fellow in the [Research School of the Social Sciences](#) at the [Australian National University](#).

My primary research interests are in metaphysics and philosophy of mind— see the material below if you're interested in more detail.

My cv [in pdf](#)

Some [papers and works in progress](#)

Syllabi for current and recent [courses](#)

But obviously I didn't have to be a philosopher. I could have made a different career choice. Perhaps you'd like to catch a rare and privileged glimpse into a [different possible world?](#)\*

\*No, no, that isn't really me! I was a little too young in 1979.
