Competitiveness as an Engine for Economic Growth: Implications for Saudi Arabia

by [Michael E. Porter](#)

Abstract

This presentation draws on ideas from Professor Porter's articles and books, in particular, *The Competitive Advantage of Nations* (The Free Press, 1990), "Building the Microeconomic Foundations of Competitiveness," in *The Global Competitiveness Report 2006* (World Economic Forum, 2006), "Clusters and the New Competitive Agenda for Companies and Governments" in *On Competition* (Harvard Business School Press, 1998), and ongoing research on clusters and competitiveness.
