Biographical details

Joseph Halevi was appointed at the University of Sydney in September 1978 and has combined his work in Political Economy at the University with an extensive series of engagements in Europe and the US.

In 1983 he spent 6 months as Research Professor at the Faculty of Statistics at his Alma Mater, the University of Rome and from 1985 to 1987 he was appointed Visiting Professor by the University of Connecticut, Storrs where he taught both in the Economics and the Politics departments.

In France he has been invited by the University of Grenoble Pierre Mendès France and by the Université de Nice. From 1997 till 1999 he served as Professor at the University of Grenoble where he was in charge of a multilingual Masters program in international commerce. In 1998 he was appointed by France's Ministry of Scientific Research as a member of the national selection committee for the recruitment of full professors.
