Bridge the Gap: Rebuilding America's Middle Skills

by [Joseph B. Fuller](#), Jennifer Burrowes, Manjari Raman, Dan Restuccia and Alexis Young

Abstract

The market for middle-skills jobs—those that require more education and training than a high school diploma but less than a four-year college degree—is consistently failing to clear. That failure is inflicting a grievous cost on the competitiveness of American firms and on the standard of living of American workers. How can business lead the charge to close the gap?
