ACCOUNTING GROUP

International

**An International Association of
Independent Public Accounting Firms**

ACCOUNTING GROUP International is a network of experienced international professional business advisors qualified in:

- Audit
- Tax
- Accounting
- Management consulting
- SEC/Public Company audit and consulting

Together with our affiliate, PICATREX, we are now present in most of the major western European and North American business centers.

ACCOUNTING GROUP International and PICATREX have grown over many years to provide business advice to small and medium sized domestic and international companies and to private individuals.

Members have been selected from established local firms who have been fully integrated into the economic, business, tax and accounting environment for years. Our principals have many years of domestic and international experience and of working together.

That's why we provide real advice and services from an international and US domestic perspective, through our highly skilled network.
