

WELCOME TO CPA CANADA

CPA Canada is the national organization established to support unification of the Canadian accounting profession under the Chartered Professional Accountant (CPA) designation. CPA Canada provides services to all CPA, CA, CMA and CGA accounting bodies that have unified or are committed to unification.

Our integrated CPA Canada website is currently in development and will launch in September 2014. Until that time, all our existing resources, services and information are available through the CICA, CMA Canada and CGA-Canada legacy websites, or through newly developed microsites designed to provide specific CPA content.
