### [Taylor's Code of Putinism makes War on the Rocks 2018 reading list](#)

Brian Taylor's recently published book, *The Code of Putinism* (Oxford University Press, 2018), appears on the [2018 War on the Rocks Holiday Reading List](#). The book is described as "an essential guide for understanding Russian decision making beyond mere cable news talking points."

### [Reeher weighs in on Bloomberg run in 2020 in The Hill](#)

Grant Reeher spoke with The Hill about former NYC mayor Michael Bloomberg's potential run for president as a Democrat in 2020. "The question is, Can he walk into a diner in Iowa and connect with voters?" Reeher says. "It might be a challenge."

### [Maxwell's first-ever Huxley scholar has found her intellectual home](#)

From the moment Brielle Valenza stepped foot in the Maxwell Auditorium as a first-year student, she knew she had come to the right place. "The sense of history in that room is palpable."
