EAST AFRICA LAW SOCIETY

EAC Launches Common Market Scorecard

A new scorecard, assessing progress toward developing the EAC Common Market was launched on Wednesday 19th February 2014 by the EAC. The Scorecard which measures Partner States' compliance to the free movement of capital, services and goods was developed over a period of 18 months by the World Bank Group at the request of the EAC Secretariat.

The Scorecard notably identifies at least 63 non-conforming measures in the trade of services and 51 non-tariff barriers affecting trade in goods while in the area of Capital, only 2 of the 20 operations covered by the Common Market Protocol are free of restrictions in all of the EAC Partner States. Our Programmes

The purpose of our programs is to develop an overarching and shared vision for EALS and establish priorities that will guide us in programming, decision-making and allocation of resources.

The EALS works under four thematic focus areas of:

Institutional Development

Professional Development

Regional Intergration

Public Interest Advocacy

Publications & Law Reports

EALS produces a wide variety of publications, covering many aspects of legal practice. Our books are published both by EALS and in cooperation with major regional publishers on current issues in legal practice.

Dispute Settlement Under The Customs Union By Paul Mwebesa.

Highlights On The East African Customs Law By Nicholas Kanabahita.

East African Community Customs Union Rules Of Origin By Mr.Kamajugo.

Implementation Of The Protocol,
