WHAT YOU CAN DO

What you can do as a Malaysian to save the Selangor Forest Reserve

In a time where water levels in Selangor is at a critical level, a proposal to degazette 4 forest reserves is not a sustainable at all. In fact, this proposal should not be spoken of at all! Find out what you can do as a Malaysian citizen who cares for Malaysia's natural heritage. [→](#)

Rock gecko faces down Singapore cement company

A Singapore cement company, ASN Pte Ltd. aimed to quarry the region's limestone wealth, known as karsts, for making cement, decimating the species-rich environment and the only known home of the tiny rock geckos and other animals. But La Sierra University biologist, Lee Grismer, working along with the Malaysian Nature Society took action to thwart the company's plans [→](#)

MNS proposes and requests for several important matters to the Selangor Forestry Department in view of the ecological and economic importance of the area proposed.

Letter to the Editor: Protect Selangor State Park

We, a Coalition for the Protection of the Selangor State Park, are greatly concerned with the proposal to degazette part of the Selangor State Park (SSP), also known as Taman Warisan Negeri Selangor, to make

way for the proposed Kuala Lumpur Outer Ring Road
