

ABSTRACT

[July 2009, Vol. 132, No. 7](#)

A portrait of the youth labor market in 13 countries, 1980-2007

Gary Martin

Economist, Division of International Labor Comparisons, Bureau of Labor Statistics.

E-mail: LLChelp@bls.gov

A relatively high unemployment rate for young people has been a persistent problem in industrialized countries in recent decades; still, the number of youths who are unemployed has been falling with declining youth populations and more years spent in education.
