IBE - International Bureau of Education UNESCO

MISSION

The IBE's main mission is to act as UNESCO's centre specialized in contents, methods and structure of education. It builds networks to share expertise on curriculum development in all regions of the world and aims to introduce modern approaches in curriculum design and implementation, improve practical skills and promote informed dialogue at regional and international levels.

EVENTS

The sixth edition of *World Data on Education* is now available

This sixth edition of the database *World Data on Education* contains updated information on 161 national education systems, with a particular emphasis on curricula and curriculum development processes

Inclusive Education in Nordic Countries (Helsinki, Finland, 6-7 March 2008)

This Workshop will focus on analyzing the Nordic case, notably lessons learned and current challenges regarding Inclusive Education. Discussion of this topic will help to explain the advances of the Nordic region in carrying out Inclusive Education, and how these advances can be good references for other regions.
