LSAY Cohort Report The Year 9 Class of 1995 in 2002.

Abstract

This report provides details of the experiences of the 1995 cohort of the Longitudinal Surveys of Australian Youth (abbreviated to LSAY Y95). Information on this cohort was first collected in 1995, when these young people were Year 9 students in Australian schools. The reference period for this report is 2002, when the modal age of respondents was 21 years. Information about the LSAY Y95 cohort's activities in 1999, 2000 and 2001 are available in earlier reports in this series.
