Leveraging on Video Technology for High-Leverage Practices

PDF (Size: 71KB) PP. 120-124 DOI: 10.4236/ce.2012.38B025

Author(s)

Yew Hoong Leong, Foo Him Ho

ABSTRACT

In redesigning a methods course for Singapore Secondary Mathematics prospective teachers, we leverage on video technology to help them learn about the instructional practice of going through textbook-type questions. We find that this innovation generates learning all round – both for the student teachers as well as teacher educators.
