## **Vision:**

Enhance health care by advancing athletic training education.

## **Mission:**

The journal serves as an interface between the theory and practice of athletic training education by providing a forum for scholars, educators, and clinicians to share critical and significant concepts, original research, and innovative ideas.

## **The journal aims to:**

- Advance the field of athletic training education pertaining to didactic and clinical education, athletic training teaching methodologies, curriculum/program development, and educational assessment.
- Offer practical information and resources to improve teaching and learning processes for undergraduate, graduate, and continuing education.
- Facilitate the exchange of information related to program accreditation; educational policy; and faculty, staff, and student educational issues.
- Protect the integrity of the athletic training education knowledge base by maintaining rigorous peer review and assisting authors in communicating their ideas
