“物质过程”的评价价值——以分析小说人物形象为例

摘要

本文以系统功能语言学关于“物质过程”和“评价系统”的观点为视角，在物质过程及其成分的评价价值的框架中，研究小说中“事件”对人物形象形成的作用，首先讨论小说及其人物的分析维度，接着讨论语言实证的系统功能语言学方法，然后用物质过程及其成分的评价价值框架反观人物形象的形成过程。

Abstract

This paper studies the contribution of 'events' to the composition of characters in novels from a perspective of Systemic Functional Linguistics, chiefly the aspect of Material Process and that of Appraisal Systems. First, I discuss the analyzing dimensions of novels as discourse. Secondly, I talk about linguistic evidence analysis from the Systemic Functional Linguistic perspective. Finally, I examine the composition of character images by applying the framework of Appraisal values of Material Processes and their components.

Key Words: Material Process; Appraisal Systems; Appraisal values; Character image; perspectives of linguistic evidence
