音系学、回顾

文 摘

音系学创立近百年来, 经历了结构主义音系学和生成音系学两大阶段。本文对一个世纪中音系学两大阶段的发展作一简单的回顾和分析。

Since its inception at the turn of the century, phonology has undergone two major stages: structuralist phonology (phonemics) and generative phonology. This paper reviews the development of phonology in these two stages and puts forward some personal views concerning its development.
