

Department of Linguistics

Delphine Dahan

Associate Professor, Psychology

Contact Information (#)

Email: dahan@psych.upenn.edu (<mailto:dahan@psych.upenn.edu>)

Phone: 215-898-0326

Office Location: Room 412C, 3401 Walnut

Mailing Address:

Dept. of Psychology

Room 412

3401 Walnut

Philadelphia, PA 19104-6228

USA

Education:

Ph.D., Psychology, University of Paris La Sorbonne René Descartes, 1994

Research Interests:

I am interested in how adults represent and access the words they know. I have been using an eye-tracking methodology that consists of monitoring participants' eye movements to visually present objects as they process spoken instructions asking them to pick up one of the objects. The time it takes people to fixate the referred object, as well as fixations to the other objects, are informative about the mapping of sound forms onto lexical representations.
