译学研究和翻译学科的建设，是翻译研究与教学界越来越关心的两个重大关键问题。文章在肯定对这两个问题进行理论性探讨的同时，提出应该采取积极措施切实加强译学研究，促进翻译学科建设，以培养高质量的翻译人才。

Abstract: Translation studies and its establishment as an academic discipline of its own are two key issues that are gaining increasing attention, from translation theorists and teachers alike. The article affirms the need to conduct theoretical discussion of these issues. At the same time, it calls for active and effective measures to strengthen translation studies and to promote its establishment as an academic discipline in order to nurture talents in translation studies.
