Bergman Type Metrics in Tower of Coverings

Robert Treger

(Submitted on 28 Jul 2011 (v1), last revised 2 Oct 2011 (this version, v2))

We establish a version of a statement attributed to Kazhdan by Yau. As a corollary, we obtain a more transparent form of our uniformization theorem in complex algebraic geometry.

Comments:	3 pages; short revised argument; 2 remarks, 1 conjecture, and 3 references added
Subjects:	**Algebraic Geometry (math.AG)**; Complex Variables (math.CV)
Cite as:	**arXiv:1107.5713v2** [math.AG]
