

# *International Conference*

## *K-Theory, $C^*$ -algebras and Topology of Manifolds*

1-5 June, 2009

Chern Institute of Mathematics, Tianjin, China

Organized by:

Chern Institute of Mathematics, Nankai University  
Department of Mathematics, Moscow State University

Sponsored by:

Chern Institute of Mathematics, Nankai University

Scientific Committee:

*co-chairmans:*

A.S. Mishchenko (Moscow), Hong You (Souzhou), Weiping Zhang (Nankai)

*members:*

Xiaoman Chen (Fudan), Huitao Feng (Nankai), Guihua Gong (Puerto Rico), M. Karoubi (Paris), G. Kasparov (Vanderbilt), Huaxin Lin (Oregon), V. Manuilov (Moscow), R. Nest (Copenhagen), Chi-Keung Ng (Nankai), E. Troitsky (Moscow), Guoliang Yu (Vanderbilt).

Local Organizing Committee:

Huitao Feng, Chi-Keung Ng, Weiping Zhang

Main topics:

- $C^*$ -algebras
- algebraic and topological K-theory
- index theory
- geometric group theory and group  $C^*$ -algebras
- noncommutative geometry and topology
- pseudodifferential operators on singular manifolds
- topological invariants of non-simply connected manifolds
- deformation quantization
