[IPI] According to information before the International Press Institute (IPI), Anna Politkovskaya, a well-known Russian investigative journalist and political activist, was shot dead in Moscow on 7 October 2006. She had been writing a story on the investigation of torture in Chechnya, which she had reported for the independent newspaper Novaya Gazeta and was reportedly finishing a story on the investigation of torture in Chechnya, which was to be published on Monday, 9 October 2006. Her colleagues said that they do not have the text of the article, but she had evidence and photographs.
