Topical Meetings

Fourier Transform Spectroscopy (FTS) (http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/fourier_transform_spectroscopy/)

Hyperspectral Imaging and Sounding of the Environment (HISE) (http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/hyperspectral_imaging_and_sounding_of_the_environment/)

Optics and Photonics for Energy & the Environment (E2) (http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/optics_and_photonics_for_energy_the_environment/)

Optics in Solar Energy (SOLAR) (http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/optics_for_solar_energy/)

Solid-state Lighting (SSL) (http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/solid-state_lighting/)

Featuring three days of technical sessions from Monday, 5 November to Wednesday, 7 November, this comprehensive congress examines the frontiers in the development of optical technologies for many aspects of energy production and use, including spectroscopic sensing of the atmosphere, remote sensing using passive and active hyperspectral imaging, solar energy conversion using photovoltaic and solar-thermal systems, and all aspects of solid-state lighting.

Congress Plenary and Keynote Speakers

Representing prestigious international institutions and companies, these six speakers will start each day of the congress. (http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/plenary_speaker/)

(http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/)

Accelerating the Deployment of Renewables in Southeast Asia

A special panel of experts will discuss ideas for increasing the adoption of renewable energy in the region. (http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/)

([http://www.osa.org/en-](http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/invited_speakers/)

[us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/invited_speakers/](http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/invited_speakers/))

Invited Speakers

View the lineup of presenters selected for their expertise. ([http://www.osa.org/en-](http://www.osa.org/en-us/meetings/osa_meetings/osa_light_energy_and_the_environment_congress/program/invited_speakers/)
