## SPIE Optifab, the premier optical manufacturing conference and exhibition

### Plan ahead for SPIE Optifab 2019

Optifab, organized jointly by SPIE and APOMA, is the largest optical manufacturing conference and exhibition held in North America. This is the premier event to meet with top companies and to learn about the latest optical fabrication technologies. [Video: Optifab 2017](#) (YouTube)

### Exhibit at Optifab 2019

### The largest optical manufacturing exhibition in North America

Exhibit at North America's largest optical fabrication exhibition. Join more than 185 leading companies at the number one meeting for optical manufacturing. Take advantage of this valuable opportunity to connect with more hands-on optical engineers and technicians than any other exhibition in North America. [Learn more](#)

### Conference Chairs

**Jessica DeGroote Nelson**,  
Optimax  
(USA)

**Blair Unger**,  
Rochester Precision Optics  
(USA)

### Exhibition Chairs

**Jonathan Sydor,**  
Sydor Optics  
(USA)

**Justin Mahanna,**  
Universal Photonics  
(USA)

**Michael DeMarco,**  
QED Optics  
(USA)
