

Who's Who in EM

EM Academy

Member Login

The **Electromagnetics Academy** is devoted to academic excellence and the advancement of research and relevant applications of the electromagnetic theory and to promoting educational objectives of the electromagnetics profession. Induction to Membership in the Academy is an honor in recognition of scholarly achievements and distinguished educational and professional services. The Electromagnetics Academy currently has over 1,000 members active in electromagnetics research. The membership directory of the Academy is **Who's Who in Electromagnetics**.

The Electromagnetics Academy (TEA) establishes sites at research organizations and at Institutions of high learning, referring to as ``The Electromagnetics Academy at Site'', or ``TEA at Site'', where Site could be the name of the affiliated Institution, or the name of the geographical region. To establish a site, please refer to [TEA Site Organization Agreement](#), send the signed agreement with a proposed plan by email to the [Academy OFFICE](#).

Regular exchange of new developments and advancements in the profession will be made through international forums of publications and conferences. In the year 1989, the Academy co-sponsored the 1st **Progress in Electromagnetics Research Symposium (PIERS)** held in Boston, Massachusetts, 25-26 July. The Symposium was followed by an NSF workshop on future directions in electromagnetics research, also co-sponsored by the Academy. Subsequent PIERS have been held in various cities around the world, including Cambridge, Pasadena, Noordwijk, Seattle, Innsbruck, Hong Kong, Nante, Taipei, Osaka, Singapore, Honolulu, Pisa, Nanjing, Hangzhou, Prague, Beijing, and etc.

[PIERS](#) provides an international forum for reporting progress and advances in the modern development of electromagnetic theory and its new and exciting applications. The **Progress in Electromagnetics Research Symposium (PIERS)** is sponsored by The Electromagnetics Academy. To organize PIERS, please refer to [PIERS Organization Agreement](#), and send the signed agreement by email to the [Academy OFFICE](#). To organize a session in PIERS, please fill out the [PIERS Survey](#).

Founded by the late [Professor Jin Au Kong \(1942-2008\)](#) of MIT in 1989, The Electromagnetics Academy is a non-profit organization registered in USA.

President:

[Professor Leung Tsang](#), University of Washington, Seattle, WA, USA,

Vice President:

[Dr. Tarek Habashy](#), Schlumberger-Doll Research Center, Cambridge, MA, USA
