ESCAMPIG conference](#)

**The XXII Europhysics Conference on Atomic and Molecular Physics of Ionized Gases (ESCAMPIG) will be held in Greifswald, Germany, July 15-19, 2014.**

The ESCAMPIG (Europhysics Conference on Atomic and Molecular Physics of Ionized Gases) is an international biennial conference of the EPS (European Physical Society). The conference topics comprise basic and applied plasma research ranging from atomic and molecular processes in plasmas and plasmasurface interaction to self-organization in plasmas and to the new research lines with low and high pressure plasma sources.

The XXII ESCAMPIG is organized jointly by the Institute of Physics of the University of Greifswald (IP), the Leibniz Institute for Plasma Science and Technology (INP Greifswald) and the Max Planck Institute for Plasma Physics (IPP), Greifswald branch. The International Scientific Committee and the Local Organizing Committee cordially invite you to attend the conference in Greifswald, Germany from July 15 to 19, 2014.

The conference is supported by DFG, EPS, PSST, TR 24 and EPJ
