◦ 单位简介

中国科学院国家天文台成立于2001年4月，系由中国科学院天文领域原四台三站一中心撤并整合而成，包括总部及4个直属单位，总部设在北京，直属单位分别是：云南天文台、南京天文学技术研究所、新疆天文台和长春人造卫星观测站。紫金山天文台、上海天文台继续保留院直属事业单位的法人资...

总部

领导致辞

中国科学院国家天文台（以下简称国家天文台）成立于2001年4月，是适应国家基础研究工作的需求，在中国科学院知识创新工程试点工作中组...

现任领导

- 党委书记、副台长（法定代表人）：赵刚
- 副台长：郝晋新
- 副台长：李春来
- 副台长：薛随建
- 党委副书记、纪委书记：石硕

中法“起源”天文联合实验室2017年合作项目征集(LIA-Origins 2017 Calls)

2017-01-22|【大中小】【打印】【关闭】

中法“起源”天文联合实验室2017年合作项目征集工作已经开始, 截止日期**2017年3月15日**, 具体请参见下面及附件内容:

[The LIA “Origins” 2017 Calls for Proposals for Exchange Programs, Postdoc Positions, and Visiting Programs](#)

1. Call for Proposals for Short Exchange Visits (at dates from March to December 2017)

The LIA provides supports for short visits for French and Chinese researchers to visit their collaborators in the other country. For Chinese researchers visiting France, LIA-France will provide the local support in France, and vice versa. Applications should be submitted to LIA-France and LIA-China respectively, for evaluation by the Scientific Committee.

The goal of the LIA is to support Sino-French collaborative efforts, especially in cosmology, extragalactic and extra-solar planets. Proposals should include: name, e-mail address, collaborator(s) in the other country, the nature of the proposal (visit, instrumental collaboration etc...) and its scientific justification as well as a description and justification of the financial support that is requested.

The deadline of application is **March 15, 2017**. Proposals should be sent (preferentially in English) to Xiaoyan Chen chenxy@bao.ac.cn (LIA-China) for the Chinese applicants and to Yanbin Yang Yanbin.Yang@obspm.fr (LIA-France) for the French applicants. The form at the end of this document should be used for writing the proposal.

If your proposals are supported, please send us a report (in English, to LIA-China and LIA-France) within one month after you make the collaborating visit. The related publications should mention acknowledge to the LIA-Origin supports as “This work is supported by the Sino-French LIA-Origin joint program.” We will summarize all the reports for this supporting period.

2. Call for Proposals for One Month Visits in France (visiting dates from 1st September 2017 to 31st August 2018)

The LIA can provide support for up to **4 visits** of one month. Conditions for applications are similar as those for the first Call. The financial support depends on the level (professorship or not) but should not be less than a normal salary in France. Proposals asking for more than a single month visit will also be considered. **Please notice that the PhD students and below cannot be supported by this program.**

The deadline of application is **March 15, 2017**. Proposals should be sent (preferentially in English) to Xiaoyan Chen chenxy@bao.ac.cn (LIA-China) for the Chinese applicants and to Yanbin Yang Yanbin.Yang@obspm.fr (LIA-France) for the French hosts. The form at the end of this document should be used for writing the proposal.

If your proposals are supported, please send us a report (in English, to LIA-China and LIA-France) within one month after you make the collaborating visit. The related publications should mention acknowledge to the LIA-Origin supports as “This work is supported by the Sino-French LIA-Origin joint program.” We will summarize all the reports for this supporting period.

3. Call for French Researchers to Work in China

(in line with the CAS President's International Fellowship Initiative(PIFI) 2016:

The Chinese Academy of Sciences (CAS) offers a package of international fellowships, collectively called the “CAS President’s International Fellowship Initiative (PIFI)”, to support highly-qualified international scientists and postgraduate students to work and study at CAS institutions and strengthen their scientific collaboration with CAS researchers. The PIFI program is available for four categories of international researchers and students: distinguished scientists, visiting scientists, postdoctoral researchers and international PhD students. The French applicants should contact their Chinese hosts who are responsible for completing the paperwork and submitting the proposals. **The deadline for submitting all material and applications is 1st, September of every year.**

(1) Category A: PIFI for Distinguished Scientists:

The CAS President’s International Fellowship for Distinguished Scientists supports leading international scientists to conduct a lecture tour at CAS for **1-2 weeks**. Each professor is invited to visit at least two CAS-affiliated institutions (research institutes or universities) to lecture and interact with CAS researchers and postgraduate students. He or she is also expected to host CAS postdoctoral researchers at CAS expenses at his or her lab for a research stay of 1-3 months.

This fellowship provides each awardee with a stipend of ¥50,000 per week, to cover all expenses for this lecture tour, including a round-trip international airfare, accommodation, meals, transportation and honorarium. Candidates should be well established and internationally recognized scientists in their respective research fields, having obtained outstanding scientific accomplishment and prestigious international honors, awards or prizes.

(2) Category B: PIFI for Visiting Scientists:

The CAS President’s International Fellowship for Visiting Scientists supports high-caliber international scientists to carry out cooperative projects at CAS-affiliated institutions for **1-12 months**. The fellowship aims to create or strengthen partnerships between CAS host institutions and the recipients’ home institutions. The fellowship provides a monthly stipend to cover living expenses, health insurance in China, and economy-class round-trip international travel. Awardees of full professor or equivalent title, associate professor or equivalent title, and assistant professor or equivalent title will receive stipends of ¥40,000, ¥30,000 and ¥20,000 per month respectively. Candidates should have: 1) Academic title of at least assistant professor or equivalent; 2) A record of outstanding scientific accomplishment; 3) Five years’ work experience in a well-known university, research institution or multinational corporation; 4) A collaborative research proposal prepared in cooperation with the CAS host institution.

(3) Category C: PIFI for Postdoctoral Researchers:

The CAS President’s International Fellowship for Postdoctoral Researchers supports promising young international scientists to conduct research at CAS-affiliated institutions for **1-2 years**. CAS offers an annual salary to postdoctoral researchers to cover living expenses and health insurance in China.

Each selected awardee will receive a pre-tax stipend of ¥200,000 per year. In addition, the fellowship provides an economy-class round-trip international travel. Candidates should: 1) Hold a PhD in natural or technological sciences; 2) Be under the age of 40; 3) Have a recommendation from a CAS host researcher; 4) Be able to communicate well with the CAS host researcher; 5) Present a collaborative research proposal prepared in cooperation with the CAS host institution.

(4) Category D: PIFI for International PhD Students:

The CAS-TWAS President’s Fellowship for International PhD Students supports 200 international graduates each year, to pursue their PhD degrees at the University of the Chinese Academy of Sciences (UCAS), the University of Science and Technology of China (USTC) or CAS institutes around China.

International students will take regular training courses at UCAS/USTC for about a year and carry out research and dissertation at CAS institutes. In addition to tuition waivers, this program will provide travel support and visa application fees for selected awardee, as well as a monthly allowance to each awardee.

Candidates should: 1) Be under the age of 35; 2) Have no other assignments during the period of his/her fellowship; 3) Meet the admission criteria for international students of UCAS/USTC; 4) Hold a Master's degree before the start of the fellowship period; 5) Have working proficiency in either English or Chinese;

4. Other Calls (for information)

(1) **The Eiffel Doctorat grants from the French Ministry of Foreign Affairs** (more for engineers:

<http://www.campusfrance.org/en/EIFFel>)

(2) **The grants from the China Scholarship Council (CSC):**

<http://www.csc.edu.cn/Chuguo/> (link in Chinese)

5. There are also some possibilities in universities and research institutes, to be discussed case by case.

Contact Persons: Xiaoyan Chen: chenxy@bao.ac.cn (LIA-China)

Yanbin Yang: Yanbin.Yang@obspm.fr (LIA-France)

LIA Directors: Xiang-Ping Wu: wxp@bao.ac.cn (China)

Francois Hammer: francois.hammer@obspm.fr (France)
