Journal Information

eEarth (eE) was an international scientific journal dedicated to the publication and public discussion of short, topical papers in the Earth Sciences. eEarth stopped its business in summer 2009 (libraries will stay online). The successor is the journal [Solid Earth](#).

Issuing Body

eEarth (eE) and eEarth Discussions (eED) were published by the Copernicus GmbH (Copernicus Publications) on behalf of the European Geosciences Union (EGU).
