Regularity of distribution of precipitation at the airdromes of Azerbaijan Republic

N. Huseynov^{1,2} and B. Malikov^{1,2}

¹Azerairnavigation ATM, Int'l. Airport Heydar Aliyev/Baku, Azerbaijan

²National Academy of Aviation, Baku, Azerbaijan

Abstract. A study of the regularity of precipitation distribution at the airdromes of Azerbaijan Republic was carried out for the purpose of defining the basic parameters of the climatic peculiarity that have an impact on the activities of civil aviation. For calculation of the key parameters, mathematical analysis methods are applied on the long-term statistical data.
