The 8th International Symposium on Digital Earth

26TH - 29TH AUGUST 2013

Transforming Knowledge into Sustainable Practice

KUCHING, SARAWAK, MALAYSIA
HTTP://WWW.ISDE2013KUCHING.COM

All accepted papers will be published online in IOP Conference Series: Earth and Environmental Science with high visibility and indexed in Scopus, EI Compendex and Inspec

the 8th International Symposium on Digital Earth [Read](#)

About ISDE

Digital Earth is a global initiative to construct a comprehensive virtual representation of the planet. It is a collaborative effort between Earth sciences, space sciences and information sciences to monitor and forecast natural and human phenomena. The International Society for Digital Earth is a non-political, non-governmental and not-for-profit international organization, principally for promoting academic exchange, science and technology innovation, education, and international collaboration towards Digital Earth.

Announcement

ICA Workshop

A coming workshop organized by ICA Commission Cartography for Early Warning and Crises Management will be held on December 3-5 2013 in Wuhan, P.R. China.

Submission of papers is expected up to October 20, 2013. The organizers will apply for index of the Conference Proceedings into the ISI Web of
