Welcome Letter

It is our great honour to welcome you to the International Symposium on Watershed Geographic Sciences (ISWSGS2016), organized by Nanjing Institute of Geography and Limnology (NIGLAS), Chinese Academy of Sciences, in Nanjing, China on October 11-14, 2016.

The theme of ISWSGS2016 is Methodologies and Practices of Watershed Geography. To emphasize the theme, we plan to organize keynote sessions, panel sessions and field trips. We hope the Symposium will deepen the understanding of approaches and practices of watershed geography, provide a forum for the exchange of experience and stimulate the interest and ambition of participants to develop potential collaboration.

We look forward to welcoming you in Nanjing.

Sincerely,
ISWSGS 2016 Organizing Committee
