Welcome to the Industrial Minerals Association - North America (IMA-NA) website.
Please use the menus above to visit the different areas of our site!

The Industrial Minerals Association - North America (IMA-NA) is the representative voice of companies which extract and process a vital and beneficial group of raw materials known as industrial minerals. Industrial minerals are the ingredients for many of the products used in everyday life, and our companies and the people they employ are proud of their industry and the socially responsible methods they use to deliver these beneficial resources.

IMA-NA represents [ball clay](#), [barite](#), [bentonite](#), [borates](#), [calcium carbonate](#), [diatomite](#), [feldspar](#), [industrial sand](#), [kaolin](#), [magnesia](#), [mica](#), [soda ash](#), [talc](#), [wollastonite](#) and a variety of other industrial minerals.

Industrial minerals are [essential](#) to our way of life, a [smart](#) utilization of resources and [beneficial](#) to society. We invite you to explore our website and learn more about industrial minerals; a miraculous gift from ancient times.

Industrial minerals . . . *Your world is made of them!*
