## Welcome to the International Conference on Discrete Fracture Network Engineering

### Key Dates

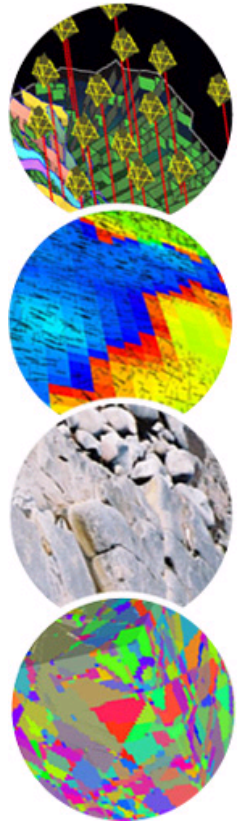

The Vancouver rock mechanics community is pleased to host DFNE 2014, the 1st International Conference on Discrete Fracture Network Engineering. This conference will be the inaugural international meeting of engineers and geoscientists who use discrete fracture network engineering in the characterization of rock masses and solutions of engineering problems. This new and rapidly expanding area of engineering has wide applications, including underground and surface mining, underground nuclear waste disposal, petroleum geomechanics, civil engineering and natural hazards.

DFNE 2014 will be held at the Sheraton Wall Centre in scenic downtown Vancouver, British Columbia, Canada from October 19 - 22, 2014. The DFNE 2014 organizing committee invites you to join us to share your ideas and experiences in the increased development and practical use of this technology under the theme **Engineering Characterization of Fractured Rock Masses: Applications of Discrete Fracture Network Engineering**.

<a href="#">How to Submit</a>	January 31, 2014
<a href="#">Online Submission</a>	Deadline for on-line abstract submission
<a href="#">Accepted Papers</a>	February 28, 2014
<a href="#">Registration &amp; Venue:</a>	Author notification of abstract acceptance
<a href="#">Registration</a>	May 31, 2014
<a href="#">Registration</a>	Deadline for on-line submission full technical papers
<a href="#">Registration</a>	June 30, 2014
<a href="#">Registration</a>	Return of reviewer comment paper revisions
<a href="#">Registration</a>	July 31, 2014
<a href="#">Registration</a>	Final submission of revised papers

### DFNE 2014 NEWS

#### Welcome to DFNE 2014!

Welcome to the DFNE 2014 website! Join us in Vancouver, Canada for this first International Conference on Discrete Fracture Network Engineering. To stay informed of important dates and developments, you can sign up for our electronic newsletter.

**Don't forget to submit your abstract by January 31, 2014!**
