

Specialties

Remote Sensing
Geological Engineering

Education

Ph.D., Geo-Engineering, 2000,
University of Nevada, Reno
M.S., Geotechnical/Civil Engineering, 1996,
University of California, Berkeley
B.S., Geological Engineering, 1994,
University of Nevada, Reno

Current Vita

[PDF Vita, \(full\)](#)

Research Interests

Dr. Glenn's research interests include interdisciplinary remote sensing and geological engineering. She established the [Boise Center Aerospace Laboratory \(BCAL\)](#), with funding from [NOAA](#), in association with the [ISU Boise Center](#) and [ISU Office of Research](#). The laboratory and its location provide opportunities to collaborate with federal, state, and private agencies.

Nancy F. Glenn
Research Associate Professor

Phone: 208.345.1994
Fax: 208.345.8353

Boise Center Aerospace Laboratory
Idaho Water Center
322 E. Front Street, Suite 240
Boise, ID 83702

Graduate Student Programs

Dr. Glenn's graduate students participate in one of the following programs.

[M.S. in GI Science and Geotechnology Certificate Programs](#)

[M.S. in Geology](#)

[Ph.D. in Engineering and Applied Sciences](#)

Teaching

Remote Sensing (Geol 409/509)
Advanced Image Processing (Geol 609)
