The 8th Science Council of Asia Conference & International Forum on Marine Science and Technology and Economic Development 2008

International Environmental Forensics Conference

Call for Abstracts

Qingdao, China May 27th - 30th, 2008

Co-sponsors: International Society of Environmental Forensics (ISEF)

Chinese Society of Oceanography

Qingdao Association for Science and Technology

Organizers:

Professional Committee on Marine Survey of Chinese Society of Oceanography

North China Sea Environmental Monitoring Center of State Oceanic Administration

Key Laboratory of Marine Spill Oil Identification and Damage Assessment Technology, SOA

Main Topics:

Marine Survey and Investigation

Spill Oil Fingerprinting and Source Identification

Risk Assessment and Environmental Impact Related to Petroleum Activities

Environmental Litigation and Law

Polycyclic Aromatic Hydrocarbons (PAH' s)

Persistent Organic Pollutants

PCBs and Dioxins

Endocrine Disruptors

Chlorinated Solvents

Use of Environmental Forensics in Litigation

Biological Markers in Terrestrial and Marine Environments

Forensic Sampling Techniques in Terrestrial and Marine Environments (water, sediments and biological)

Contaminant Transport Modeling (surface water, groundwater, soil, air and marine environments)

Comprehensive GC x GC

Enforcement of Environmental Laws

Visualization of Environmental Data

Forensic Statistics (PCA, PVA, etc)

Quality Assurance and Quality Control of Analytical Data

International Reference Materials, Standards, and New Directives (USA, Canada, EU, and Other Countries)

Harmonized Standards for TPH in Soils

Creating and Managing Environmental Forensic Data with GIS Software

Applications of Forensic Techniques: Case Studies

Applications of Forensic Techniques in Organic and Inorganic Contaminant Investigations

Microbiological Applications in Environmental Forensic Investigations

Contaminated Land Characterization and Remediation

Application of Contaminant Transport Modeling in Environmental Forensics

Uses of Remote Sensing and Aerial Photography in Forensic Investigations

Groundwater Contamination and Characterization

Abstract Submittal

Abstracts for presentation will be accepted in electronic form and in English. Abstracts are to be no longer than 500 words in length and should include the presenting author. Please send an electronic copy (preferably in a .pdf format) of your abstract to the following conference organizers:

Robert Morrison, Ph.D., at Robert.Morrison@dpra.com

Zhendi Wang, Ph.D., at zhendi.wang@ec.gc.ca

Sun Peiyan, Ph.D., at sunpeiyan2000@yahoo.com.cn

at sunpeiyan@vip.163.com

The deadline for abstract submission is February 1, 2008.

Authors will be notified on February 15, 2008 regarding the status of their abstract submission.

Poster Session

A maximum of 80 abstracts will be accepted for the poster session and will be available for viewing for the entire three days of the conference. Authors attending the conference will be scheduled to be available for interactions at certain times. When submitting your abstract, please specify whether you are interested in presenting your abstract as a poster or as a presentation.

Presentations

All presentations are to be in PowerPoint. Authors are encouraged to bring copies of their PowerPoint slides in hard copy for distribution to the audience. Speakers are encouraged to bring their own computer or flash drive to the Conference. Course instructors are responsible for preparation and reproduction of any hand-out materials beyond the abstract.

Audio Visual Requirements

Each speaker will be provided a laptop, projector and microphone for their presentation. If additional equipment is needed, please specify your needs at the time of acceptance of your abstract.

Special Issue

Environmental Forensics Journal

International Journal of Environmental Analytical Chemistry

Conference attendees are invited to submit papers for publication in a special issue of Environmental Forensics Journal and International Journal of environmental Analytical Chemistry. Manuscripts should be written according to the guidelines of the Journals and submitted in electronic format to the Conference Secretariat during the meeting or sent by email to Guest Editors of the Journals. All peer-reviewed and accepted manuscripts will be published in a special issue(s) of the journals dedicated to the conference.

Conference Proceedings

Conference Proceedings will be printed in hard copy for distribution at the conference. The Conference Proceeding will include all accepted abstracts.

Registration Fee

The registration fee is \$300/person. Each registrant will (1) receive breakfasts, lunches and dinners and a conference banquet during the 3 conference days; (2) receive conference materials including Conference Abstract Book, onference Proceedings; (3) ~ half-day city touring. Students attending the conference will receive a 50% discount or \$150/person.
