Biomolecules

**Side-
chain
conformational
changes
upon
protein-
protein
association**

Anatoly M.
Ruvinsky,
Tatsiana Kirys,
Alexander V.
Tuzikov, Ilya A.
Vakser

*(Submitted on 14
Oct 2010)*

Conformational
changes
upon
protein-
protein
association
are the
key
element
of the
binding
mechanism.
The
study
presents
a
systematic
large-
scale
analysis
of such
