Abstract: *Senecio inops* Boiss. & Balansa subsp. *karamanicus* Hamzaoğlu & Budak (Asteraceae, Senecioneae) is described as a new subspecies from Karaman Province (Inner/South Anatolia). A Latin diagnosis, a taxonomic description, an illustration of the new subspecies, geographical distribution, and some comments on its affinity with *Senecio inops* Boiss. & Balansa subsp. *inops* are given.

Key words: Asteraceae, Karaman, *Senecio*, taxonomy, Turkey
