A New Taxon for Turkey: *Galium recurvum* Req. ex DC. ( Rubiaceae)

Kerim ALPINAR

Department of Pharmaceutical Botany, Faculty of Pharmacy, İstanbul University, 34452, İstanbul-TURKEY

**Abstract:** It is reported here that *Galium recurvum* Req. ex DC., collected from Ayvalik (province of Balıkesir), is new to the Turkish flora. In this article a photograph, a short morphological description, including an illustration of the plant parts, and a distribution map are presented.
