

April  
**22-23**  
2014

**Diversity and Barcoding of Medical Fungi:  
Novel Achievements and Masterclass**

**Masterclass barcoding**  
22042014 23042014

**Venue:** CBS-KNAW Fungal Biodiversity Centre,  
Utrecht, Uppsalalaan 8, The Netherlands.

**Registration:** Compulsory. Free before 15 April.

April  
**24-25**  
2014

**CBS Spring Symposium 2014:  
Genera and Genomes**

**Venue:** Trippenhuis, Royal Netherlands Academy of  
Arts and Sciences, Amsterdam, the Netherlands

**Registration:** € 250,- (includes coffee/tea, lunches)

Studies in Mycology 76 (September 2013)

**Plant pathogenic and endophytic  
*Botryosphaeriales* known from culture**

**Editor(s):**  
Alan J.L. Phillips, Bernard  
Slippers, Johannes Z.  
Groenewald and  
Pedro W. Crous  
**Details:** 167 pp., fully  
illustrated with colour pictures  
(A4 format), paperback, 2013

**€ 65,-**

CBS Biodiversity Series 13

**Cultivation and Diseases of *Proteaceae*:  
*Leucadendron*, *Leucospermum* and *Protea***

**Authors:**  
Pedro W. Crous, Sandra Denman,  
Joanne E. Taylor, Lizeth Swart,  
Carolien M. Bezuidenhout, Lynn  
Hoffman, Mary E. Palm and  
Johannes Z. Groenewald  
**Details:**  
360 pages, Full colour, Hardcover,  
bound, June 2013

**€ 75,-**

### 1F=1N is being implemented in Dothideomycetes

We are preparing a document for proposing one name for pleomorphic Dothideomycetes and a first draft is now online. At the same time all the names of Dothideomycetes are also listed. We would appreciate suggestions regarding the preparing list from the wider scientific community (e.g. mycologists, taxonomists, pathologists). You can visit [fungaltaxonomy.org](http://fungaltaxonomy.org) and download ongoing drafts of this paper from the 'Dothideomycetes working group'. If you have suggestions you can contact This email address is being protected from spambots. You need JavaScript enabled to view it. or post your comments in 'Discussion forum' in above web site.

### Workshop on clinical Fusarium in Coimbatore, India!

On the 9th of January 2014, an international workshop on clinical *Fusarium* and fusariosis was held in Coimbatore, India in conjunction with the SIHAM2014 conference of the Indian Society for Human and Animal Mycology. The workshop was organized by the Dept of Microbiology, PSG, and Aravind Eye Hospital in Coimbatore, the LV Prasad Eye Institute in Hyderabad and the CBS-KNAW Fungal Biodiversity Centre, with support from the international society for Human and Animal Mycology (ISHAM).

### New edition of popular fungal biodiversity calendar: Battle of the pixels continues!

In April 2013 the CBS-KNAW Fungal Biodiversity Centre launched its new (12 month) fungal calendar series, focusing on the beauty of fungal biodiversity.
