## IMMUNOLOGY 2017™ in Washington, DC

Washington, D.C. attracted record attendance during IMMUNOLOGY 2017™. Compelling lectures and posters, along with an active exhibit hall provided 5 days of cutting-edge science in the nation's capital. Access to lawmakers created the perfect opportunity for almost 100 attendees to prolong their stay and schedule Capitol Hill visits

Program

Awards

with Congressional delegates to advocate for biomedical research and the National Institutes of Health.

## About AAI

For over 100 years, AAI has been the world's leading forum for researchers dedicated to advancing the field of immunology through the elucidation of the basic principles of immune function. AAI is dedicated to fostering the interchange of ideas and information among investigators, and addressing the translation of this information into clinical practice. AAI serves its nearly 8,000 members and the global community through its annual meeting, summer courses, awards and fellowship programs,

career development  
opportunities, and the  
publication of *The Journal  
of Immunology*.
