中文摘要:

在回顾全国农业机械学三轮统编教材成就和经验的基础上,说明随着学科发展和农村改革的逐步深入,原教材面临的问题。并且对于课程的合理调整和教材更新作了进一步的论述。经过对国外(主要是苏联、美国)同类课程设置与教材分析、研究,说明值得借鉴的一些作法。提出了‘八五’教材建设规划——农业机械学(I)、(II)的教材体系、内容,教学方法及课程合理调整构想。

英文摘要:

Basing on recalling the achievement and experiment of three times edited national teaching material of Agricultural Machinery Curriculum, the article analyzes the question which the original national teaching material faced on with the developing of this branch of science and rural reform. It further discusses how to rationally adjust the courses and renew the teaching material. Through analyzing and studying the same curriculum and teaching material form abroad (U. S. A and U. S. S. R), it states some methods that we can adopt. According to the demand of National Education Committee, which is about the training standards of undergraduate courses of the speciality, it puts forward the teaching material system and the content of Agricultural Machinery (I) (II) which is one of bidding Subject of National Agricultural College Teaching Material Building Plan during the Eighth-Five year period.
