上海交通大学讲席教授樊春海获2019年度美国化学会测量科学进展讲座奖

2019年01月21日 责任编辑：赵喜安

近日，美国化学会公布了第二届测量科学进展讲座奖 (Advances in Measurement Science Lectureship Award)。上海交通大学化学化工学院樊春海教授因其在核酸分析化学等方面的系统研究工作被选为2019年度三位获奖人之一。2019年3月17日在美国费城举行的Pittcon年会(匹兹堡分析化学和光谱应用会议暨展览会)上将正式颁发此奖项，樊春海教授并将应邀作专场报告。

Congratulations to the winners of the 2019 Advances in Measurement Science Lectureship Award!

The ACS Measurement Science Journals (*ACS Sensors*, *Analytical Chemistry*, *Journal of Proteome Research*) and the ACS Division of Analytical Chemistry are excited to announce the winners of the 2019 Advances in Measurement Science Lectureship Award:

-  **Charles S. Henry**
Professor of Chemistry, Colorado State University
-  **Chunhai Fan**
Chair Professor, Shanghai Jiao Tong University
-  **Ester H. Segal**
Associate Professor of Biotechnology and Food Engineering, the Technion – Israel Institute of Technology

This award honors members of the community who have made a major and recent impact in the field of measurement science. Winners are selected based on their lecture abstracts and their research output across the past five years.

For those attending **Pittcon 2019**, we encourage you to check out the **Advances in Measurement Science Lectureship Awards symposium**, where each winner will present their award-winning research. **The symposium will take place on Wednesday, March 20th from 8:30 AM – 12:40 PM in Room 126.**

该奖项由美国化学会分析化学委员会协同ACS Sensors, Analytical Chemistry和Journal of Proteome Research等三份美国化学会旗下专业期刊共同发起，以表彰在测量科学领域做出重要贡献的科学家。樊春海教授是该奖设立以来第一位来自发展中国家的获奖人。Angewandte Chemie International Edition杂志拟对此奖项作专题新闻报道并介绍获奖人。
