Call for Papers

The 7th International Conference on Mining Science and Technology Call for Papers

Call for Papers:

Sponsored by the China University of Mining and Technology (CUMT), the 7th International Conference on Mining Science and Technology (ICMST 2015), will be held at CUMT in Xuzhou, China on April 26-29, 2015. Now the ICMST 2015 organizing committee is calling for papers. Experts and scholars both at home and abroad in the field of mining science and technology are welcome to submit abstracts and papers. The theme of the Conference is "Ecology, Safety and Sustainable Development of Modern Mines". The Conference will be a platform for experts and scholars to discuss issues related to the latest research developments and prospects in mining science and technology, as well as to address the opportunities and challenges we face in this area today.

ICMST 2015 will establish two awards --- Award for Excellence in ICMST Papers and Award for Excellence in Youth ICMST Papers. Those excellent papers will be recommended for publication by specialized academic journals.

Main Topics of the Conference:

- Green mining and ecological mines (containing energy strategies)
- Mine safety and occupational health
- Mine mechanics and behavior control
- Clean coal technology and Low-carbon utilization
- Intelligent Mining Equipment and Technology
- Exploitation of mineral resources and renewable energy

Abstract Specifications:

Those wishing to present papers are invited to submit a 300-word abstract (including purpose, methods, contents, results and conclusions) in English. Please submit the file attachment in Microsoft Word format online.

Conference Website:

The Conference information will be announced and updated at the conference web page, where the abstract templates can be downloaded.

Deadline for Abstracts:

August 30, 2014.

Working Language:

The working language of the Conference is English, therefore all papers shall be written in English, and paper presentation at the Conference shall also be in English.

Registration Fee:

Authors and Delegates:

By February 1st, 2015 USD350.00

After February 15, 2015 USD400.00

Registration fees include E-version conference proceedings, conference dinners and one technical tour in Xuzhou.

Please make checks payable to CUMT.
