[UAE at a Glance](#)

Environment

ADNOC and its Group Companies aspire to achieve an HSE performance that is exemplary in the Middle East and African Region.

Over the past years ADNOC and its Group Companies have worked hard to promote HSE best practices and to improve its HSE in all aspects. [more »](#)

Products & Services

As one of the world's leading oil companies, producing over 2.7 million barrels of oil a day, we are committed to sustainable development, ensuring a harmonious balance between people's needs and the Earth's resources.

Our track record in occupational health and safety, and protection of the environment, sets the standards for the rest of the Arabian Gulf. [more »](#)
