## Measurement

### Journal of the International Measurement Confederation (IMEKO)

Contributions are invited on all aspects of the research, development and applications of the science and technology of **measurement** and **instrumentation**.

Authors are encouraged to submit novel material which could include results of research or experimental work, may deal with practical developments related to **plant** or **process**, discuss new developments in **sensors** and **instrumentation**, or relate to **systems evaluation** and **modelling**.

Topics covered include: General principles of measurement and instrumentation; Sensors and sensor systems: design and evaluation; Data acquisition; Signal transmission; Processing and evaluation; Data output; Systems aspects; Systems modelling and evaluation; Specific applications in measurement and instrumentation; Specific instruments and measurement systems; Design and manufacture of instruments; applications of sensors and instrumentation.

#### Benefits to authors

[Guide for  
Authors](#)[Submit Your  
Paper](#)[Track Your  
Paper](#)[Order Journal](#)[View Articles](#)

We also provide many author benefits, such as free PDFs, a liberal copyright policy, special discounts on Elsevier publications and much more. Please click here for more information on our [author services](#).

Please see our [Guide for Authors](#) for information on article submission. If you require any further information or help, please visit our support pages: <http://support.elsevier.com>
