Welcome to ICEMI'2009

The International Conference on Electronic Measurement & Instruments (ICEMI) is the world's premier conference dedicated to the electronic test of devices, boards and systems---covering the complete cycle from design verification, test, diagnosis, failure analysis and back to process and design improvement, and is convened every two years. The purpose of the ICEMI is to provide excellent opportunities for scientists, engineers, and participants throughout the world to present the latest research results and to exchange their views or experience.

Address: No.79 Beihayan Street Dongcheng District Beijing, China. (Post Code:100009)
