/ 2nd International Symposium on Coastal and Offshore Geotechnics (ISCOG 2017) & 2nd International Conference on Geo-Energy and Geo-Environment (GeGe2017)

### 2ND INTERNATIONAL SYMPOSIUM ON COASTAL AND OFFSHORE GEOTECHNICS (ISCOG 2017) & 2ND INTERNATIONAL CONFERENCE ON GEO-ENERGY AND GEO-ENVIRONMENT (GEGE2017)

ISSMGE Events | Zhejiang University, China, Hangzhou | 05-07-2017 - 07-07-2017 | English

#### Description

Two crucial global challenges facing the 21<sup>st</sup> century are exploration of energy (including offshore wind and deep-water methane hydrate) and management of geo-environment, both of which are essential for building a sustainable future. To provide a platform for sharing scientific breakthroughs in sustainable geotechnical solutions to energy production and geo-environment management, Zhejiang University has successfully organized the 1<sup>st</sup> International Symposium on Coastal and Offshore Geotechnics (**ISCOG 2012**) in Hangzhou, and jointly organized the 1<sup>st</sup> International Conference on Geo-Energy and Geo-Environment (**GeGe2015**) with the Hong Kong University of Science and Technology.

Considering the two international conferences are highly complementary, we are arranging the 2<sup>nd</sup> **ISCOG & GeGe** events in parallel in 2017 at Zhejiang University (China), with the specific aim of enhancing multi-disciplinary interactions in the areas related to energy and geo-environment management. This combined event (**ISCOG2017 & GeGe2017**) is supported by the ISSMGE. In the conference, two parallel programmes will be offered, but also with substantial common plenary sessions and keynotes by prominent speakers.

The presentations will include a re-run of the 2016 Rankine Lecture by Professor Richard Jardine from Imperial College, as well as a re-run of the 2017 Terzaghi Lecture by Professor Kerry Rowe from Queen's University.

Authors of selected papers will be invited to extend their abstracts to full papers, for consideration of publication in a special issue in Journal of Zhejiang University-Science A (SCI indexed, IF=0.941).

#### Organizer

Zhejiang University, Power-China Huadong Engineering Corporation Limited, Geological Exploration Bureau of Zhejiang Province

#### Contact Information

- Contact person: Yi Hong
- Address: 866 Yuhangtang Road, Hangzhou, Zhejiang Province, China
- Phone: +86 13758906685
- Email: [yi\\_hong@zju.edu.cn](mailto:yi_hong@zju.edu.cn) ([mailto:yi\\_hong@zju.edu.cn](mailto:yi_hong@zju.edu.cn))

#### Email

[isfog2017\\_gege2017@zju.edu.cn](mailto:isfog2017_gege2017@zju.edu.cn) ([mailto:isfog2017\\_gege2017@zju.edu.cn](mailto:isfog2017_gege2017@zju.edu.cn))

#### Additional Information

Deadline for extended abstract: 1 Feb 2017 Deadline for submission of full paper: 15 Apr 2017 Deadline for early bird registration: 1 May 2017

#### Contact Information

Secretary General - Professor R N Taylor

International Society for Soil Mechanics and Geotechnical Engineering
