## RICHARD K. LESTER

## TTS INSTITUTE OF TECHNOLOGY

Richard Lester is Japan Steel Industry Professor and Associate Provost at the Massachusetts Institute of Technology, where he oversees the international activities of the Institute. From 2009 to 2015 he served as head of MIT's Department of Nuclear Science and Engineering, leading the Department successfully through a period of rapid rebuilding and strategic renewal. Professor Lester's research focuses on innovation strategy and management. He is also widely known for his research on nuclear technology innovation, management and control. Dr. Lester holds an undergraduate degree in chemical engineering from Imperial College and a Ph.D. in nuclear engineering from MIT. He is the author or co-author of eight books, and serves as chair of the National Academies' Board on Science, Technology, and Economic Policy. More
