About FITME

FITME is an annual International Conference on Future Information Technology and Management Engineering which was started in 2008. The previous conferences were held in Leicestershire, UK (2008), Sanya, China (2009).

We cordially invite you to attend the 2010 International Conference on Future Information Technology and Management Engineering (FITME 2010), which will be held in Changzhou, China during October 9-10, 2010. FITME 2010 is a forum for presentation of new research results and demonstration of new systems and techniques in the broad field of information systems, information technology, information management, management engineering and their applications. The forum aims to bring together researchers, developers, and users from around the world in both industry and academia for sharing state-of-art results, for exploring new areas of research and development, and to discuss emerging issues facing business organizations in the knowledge economy.
