Channel Coding for 5G and Future Networks

Channel Coding for 5G and Future Networks

ICC 2017 Workshop on Channel Coding for 5G and Future Networks

Error control coding faces new challenges in 5G and future networks. This workshop aims at presenting the state-of-the-art in modern channel coding and solutions to address channel coding problems expected in future networks.

Workshop Format

- Half-day workshop
- One keynote
- Two presentation sessions
- Closing panel discussion

Keynote Speaker

Rüdiger Urbanke
EPFL, Lausanne, Switzerland

News

The workshop program is online.
